

Cabrillo Marine Aquarium Educator Workshops

PLASTIC SOUP WITH ALGALITA MARINE RESEARCH AND EDUCATION

Saturday, March 22nd • 9am-12noon

What happens when plastic pollution enters the ocean?
Get familiar with the science involved in studying its
impacts and the solutions being developed to address it!

- Learn about how microplastics impact our ocean and what educators and students can do about it!
- Try our hands-on "Plastic Ocean" and "Synthetic Sand" classroom investigation kits! (Both connect with NGSS MS-PS 1-3 Synthetic Materials)

Free to Attend • RSVP Required
