

Cabrillo Marine Aquarium EDUCATOR WORKSHOPS

Ichthyology

Saturday, May 6 • 9am - 12 noon

Discover the diversity of fish living off
the coast of Southern California!

- Get familiar with our local species in the Marine Science Laboratory and Exhibit Hall!
- Practice the Japanese art of Gyotaku, a.k.a. fish printing!
- Investigate the internal and external anatomy of a fish during a hands-on dissection!

Free to attend - RSVP required
